

Are you ready for your child's next big step?

Homeschooling your child in these adolescent years allows you to provide a safe and nurturing learning environment away from the pressures of peers. As the work becomes more challenging in this phase of education, it is so important for your child to receive the valuable one-on-one attention that homeschooling provides.

Clonard and **Elroi Academy** have joined forces for the FET Phase (Grade 10-12) to ensure that you receive the best possible experience.

Elroi is a registered distance education service provider with SACAI (South African Comprehensive Assessments Institute) and, together, we will ensure that all requirements are met for your child to write the NSC (National Senior Certificate) exam at the end of Grade 12.
